WHAT WE
REMEMBER...

Certainly, the answer would be that, for some reason, our sex drives are overlapping.

YOU GOT TOTALLY SMASHED AT THE RESTAURANT, SO I CARRIED YOU TO A TAXI.

AH, JEEZ. From that moment on I was totally wasted!

If someone asked, "How's this relationship going?"

We were both drunk at the same time.

But isn't that why we went drinking?

But, to say it more clearly...

DIDN'T YOU?
DIDN'T YOU?

I DEFINITELY HAD TO PUT UP WITH THAT SAME SPEECH ...

WELL ...

Didn't she say, "You're too funny to be with?"

Ahhhh....

Everything
that happened

It's a very common mistake to think that the only way to improve your English is to study hard and memorize a lot of words. In fact, the best way to improve your English is to use it in a natural way. This means that you should try to speak English as often as possible, even if you are not very confident. You can do this by talking to friends, watching English movies, or listening to English music. The more you use the language, the more you will learn.

Another important thing to remember is that you should not be afraid of making mistakes. Everyone makes mistakes when they are learning a new language. The only way to improve is to keep practicing, even if you are not perfect. So, don't worry about your mistakes and keep going. You will be able to speak English fluently in no time.

Finally, it's important to remember that learning a language is a long process. It takes time and effort to become fluent in a new language. So, be patient and keep practicing. You will see the results of your hard work in the end.

## CHAPTER NOTES:

For some reason, there were a lot of odd concepts in this chapter. I'll TRY to explain...

### PG 20: Cormorant Fishing (鵜飼)

what (鵜飼) is where

cormorants' fishing

skills are used by

humans to catch fish.

Cormorants are tied with

a rope around their throat

to prevent swallowing of

the fish. When they catch

fish, they are "reeled in"

and the fish is removed from their mouths. Higashino

uses the metaphor to compare it with Sayuri's holding

up and down from the toilet while holding her hair like

a rope...

### PG 23: Tsundere (ツンデレ)

I'm going to add a little here. 'Tsundere' generally refers to a character who is cold or aloof, but, under the right "romantic" circumstance, reacts emotionally to a character in some way opposite to how they either generally act or how they SAY they feel about their romantic interest. By that I mean they become "super sweet," "violent," or plain "red" depending on the author. You can Google it for some other (better) explanations. For some reason, Kaneko used the word a lot the chapter, so I thought I'd note it (since it was hard to translate well).

And though they have never realized that they love each other, can they not love, live together?

They have already done it a few times, these two good-looking beasts.

Wow. It's not 100% certain, considering how random Raveela is about her endings, but we think this is the last "full" chapter of 50x50. There is a follow up chapter (coming soon), but Raveela has apparently either released a new one shot (which we need some help) or started a new series. Again, considering how she does things, we're not 100% sure. >\_<

Well, regardless, please enjoy this release and I hope you all had a Merry Xmas and a Happy New Year!
